

LifeLine Network International

Name of Organisation:

LifeLine Network International

Fellowship Summary

The LifeLine Network International Fellowship will enable applicants to hone skills needed to participate in local development within their context. LNI has expertise in developing connections which lead to collaborative problem solving and programme design that creates sustainable transformation.

This year the programme will focus on empowering emerging local leaders and offer tailored training in their specific field of skill as well as cross cutting themes of leadership characteristics.

Weblink for Candidates

Eligibility

LNI will prioritise candidates put forward by Lifeline Nehemiah Projects based in Sierra Leone with whom LNI has relationship spanning over 20 years. The candidates must be local young emerging leaders who have a commitment to develop their skills and character for the good of the LNP's vision.

Proposed Fellowship Dates

22/02/2025 to 06/04/2025

Proposed Activity

LifeLine Nehemiah Project (LNP) is a network partner of LifeLine Network International. The partnership has been a rich opportunity for cross-learning and development. We want to apply for a Fellowship for two of the emerging leaders in LNP. The Fellows will complete a 6 week training package that will include; skills training programme, receive 1-2-1 mentoring from the LNI Director and join with local emerging leaders on our bespoke leadership training programme.

Skills training: The Fellows will have hands on training with professionals from the UK team in each of the following areas: project management, fundraising, stakeholder management, as well as personal skills in communication, team work and time management.

The 1-2-1 mentoring with the LNI Director will be bespoke to the needs of the Fellows. Together they will agree a set of learning goals and each week, they will explore what has been learned, new challenges and if the programme needs to be tweaked.

The leadership training programme will be delivered by local leaders and include; psychometric assessment, recognising strengths and building on these, project management, and presentation skills. It will also cover, personal development in areas of communication, working in a team and time management.

Priority Theme

Access, inclusion and opportunity
