Eligibility

Mid-career professionals working in Gulu Regional Referral Hospital in Gulu Northern Uganda

Proposed Fellowship Dates

17/02/2025 to 28/03/2025

Proposed Activity

Fellows will take part in a programme of mental health work within the Sheffield Health and Social Care NHS Foundation Trust, in both inpatient and community settings.

This programme will be augmented by the particular professional interests of the Fellows

Particular emphasis will be placed on the learning that is transferable back into the mental health unit in Gulu Regional Referral Hospital. Projects will be identified that returning Fellows will undertake in order to put their learning into practice in a way that will benefit patients.

Fellows will be supported and mentored by the UK Leads of the Gulu Sheffield Mental Health Partnership and on each workplace they will have an identified qualified staff member, who is their point of contact in that service.

Priority Theme

Strengthening health systems and capacity
